

# Cosmetology

Diploma available

The Cosmetology diploma program at NGTC goes far beyond the basics of cut and color! From skin and nail care to fundamentals of physiology to experience in salon sales and management, this course of study truly prepares students for careers in the field of cosmetology. Graduates are eligible for certification and licensure from the Georgia State Board of Cosmetology.

For those students interested in hair care only, the Hair Design certificate is an option which includes all of the Cosmetology diploma courses without taking core classes, or courses focused on skin and nails.

Available on the Blairsville and Clarkesville campuses

The Cosmetology program provides specialized, hands-on training in:

- Principles of Hair Design
- Haircutting, hair coloring and styling
- Chemical texture services
- Skin care and treatments
- Nail care and treatments
- Safety and sanitation
- Salon sales and management
- Client customer service
- State laws, rules and regulations
